The Colony Group Named a “Top Guns” Investment Manager for the Third Quarter in a Row

Boston, MA – March 5, 2008 – Informa Investment Solutions, one of the nation’s leading investment database firms, named The Colony Group a “Top Guns” investment manager for the fourth quarter of 2007 – the third consecutive quarter that the company achieved this recognition.

Informa included The Colony Group’s Mid-Cap equity strategy on its most selective 4-Star, 5-Star, and 6-Star lists of the top 10 managers in the Mid-Cap Universe. In order to be considered for inclusion on these lists, a firm’s strategy must have outperformed the relative style benchmark for the 3 latest 3-year rolling periods. It also must satisfy certain standards of correlation with the benchmark and other criteria.

“With a 7-year track record in the strategy, this continued acknowledgement is gratifying for our investment team, but we are especially pleased for our investors,” said Brian Katz, Chief Investment Officer of The Colony Group. “We remain committed to our proprietary discipline, which emphasizes companies that generate strong and growing free cash flow and that have well defended competitive positions,” said Seth Hieken, lead manager of The Colony Group’s Mid-Cap strategy.
