The Colony Group Named a “Top Guns” Investment Manager

Boston, MA – June 11, 2007 - One of the nation’s leading investment database firms, Informa Investment Solutions, recently named The Colony Group a “4-Star Top Guns” investment manager. Specifically, IIS awarded The Colony Group’s Mid-Cap strategy a 4-star ranking in their Domestic Equity Universe for the 3-year period ended March 31, 2007 and announced that out of over 3,400 investment offerings, The Colony Group’s Mid-Cap strategy placed in the **top 10** based on performance.

The 4-Star Top Guns list is comprised of the 10 best performing strategies in each category over the latest three-year period. Among other qualifications for the honor, a strategy must have outperformed the relative style benchmark for the 3 latest 3-year rolling periods (*i.e.*, 3/31/04 – 3/31/07, 3/31/03 – 3/31/06, and 3/31/02 – 3/31/05) and must have a standard deviation – a widely followed measure of risk/volatility – equal to or less than the median standard deviation for its peer group. “We believe that these qualifications are representative of strategies that are consistent performers without disproportionate relative risk, and The Colony Group is honored to be listed among the ‘Top Guns’ investment managers,” said Brian Katz, Chief Investment Officer of The Colony Group.
